

Webiators Promotion Bar

How to Install: Download the "Ready to paste" package from your customer's area, unzip it and upload the all files in 'app/code/Webiators/PromotionBar folder to your Magento install dir.

Update the Database: Move to Magento Root directory with CLI and execute below commands

- php bin/magento setup:upgrade
- php bin/magento setup:di:compile
- php bin/magento setup:static-content:deploy
- php bin/magento cache:flush

How to Use: Go to Stores >> Configuration >> Webiators >> Promotion Bar

The screenshot displays the Magento 2 Configuration page. On the left sidebar, the 'STORES' menu item is highlighted with a red arrow. The main content area shows the 'Configuration' page for 'Default Config'. The 'WEBIATORS' module is expanded, and the 'Promotion Bar' sub-section is selected, also indicated by a red arrow. The 'General Configuration' section is visible, with the 'Enable' dropdown set to 'Yes' and the 'Display "Close" Button' dropdown set to 'Yes'. The 'Text Content' field contains the HTML code: `<p>Big Saving Month !! Use "checkout10" and get 10% OFF on orders below $500</p>`. A 'Save Config' button is located in the top right corner.

Enable module from General Configuration and update configurations as per your needs.

General Configuration

Enable
