

# Webiators StickyCart

**How to Install:** Download the "Ready to paste" package from your customer's area, unzip it and upload the all files in 'app/code/Webiators/StickyCart folder to your Magento install dir.

**Update the Database:** Move to Magento Root directory with CLI and execute below commands

- php bin/magento setup:upgrade
- php bin/magento setup:di:compile
- php bin/magento setup:static-content:deploy
- php bin/magento cache:flush

**How to Use:** Go to Stores >> Configuration >> Webiators >> Sticky Cart

The screenshot shows the Magento Configuration interface. The left sidebar contains navigation icons for Dashboard, Sales, Catalog, RH Blog, Customers, Marketing, Content, Reports, and Stores. The main content area is titled 'Configuration' and shows the 'Webiators' section expanded to 'Sticky Cart'. The 'General' settings are visible, including:

- Enable** (store view): Yes
- Sticky Cart Position (CSS Selector)** (store view): .product.info.detailed
- Show Product Image** (store view): Yes
- Image Width** (store view): 60
- Image Height** (store view): 60
- Image Shape** (store view): Square

A 'Save Config' button is located in the top right corner of the configuration area.

**General Setting:**

Enable module from General and update configurations as per your needs

Enable <small>[store view]</small>	Yes
