

Webiators Chat On Whatsapp

How to Install: Download the "Ready to paste" package from your customer's area, unzip it and upload the all files in 'app/code/Webiators/ChatOnWhatsapp folder to your Magento install dir.

Update the Database: Move to Magento Root directory with CLI and execute below commands

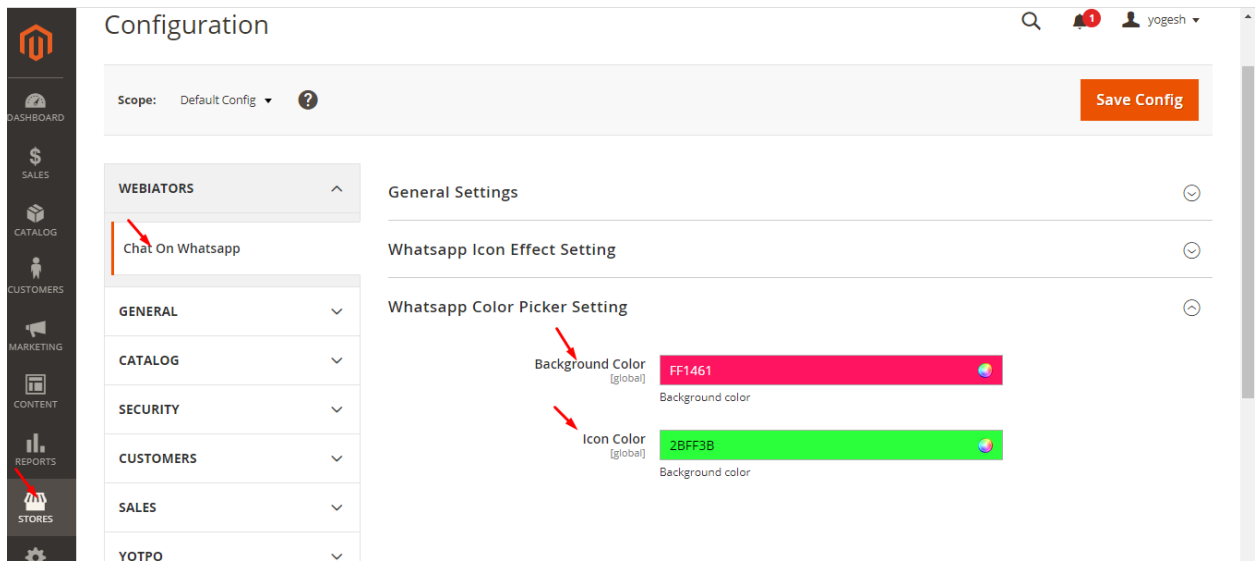

- php bin/magento setup:upgrade
- php bin/magento setup:di:compile
- php bin/magento setup:static-content:deploy
- php bin/magento cache:flush

How to Use: Go to Store >> Configuration >> Webiators >> Chat On Whatsapp

Enable module from General Setting and update configurations as per your needs

The screenshot shows the Magento Admin Configuration page for the 'Chat On Whatsapp' module. The page is titled 'Configuration' and has a 'Scope' of 'Default Config'. A 'Save Config' button is visible in the top right. A yellow notification bar at the top indicates a failure to synchronize data to the Magento Business Intelligence service. The left sidebar shows the navigation menu with 'WEBIATORS' expanded, and 'Chat On Whatsapp' selected. The main content area is titled 'General Settings' and contains three configuration fields: 'Enable Module [website]' set to 'Yes', 'Phone Number [store view]' set to '+918103072330', and 'Message [store view]' set to 'Hello Webiators, I'm having query regarding one of yo'. Each field has a 'Use system value' checkbox. A red arrow points to the 'Enable Module' dropdown menu.
