

Login As Customer From Admin

How to Install: Download the "Ready to paste" package from your customer's area, unzip it and upload the all files in 'app/code/Webiators/LoginAsCustomerFromAdmin' folder to your Magento install dir.

Update the Database: Move to Magento Root directory with CLI and execute below commands

- php bin/magento setup:upgrade
- php bin/magento setup:di:compile
- php bin/magento setup:static-content:deploy
- php bin/magento cache:flush
- php bin/magento cache:clean

How to Use: Go to Admin Panel ⇒ Store ⇒ Settings ⇒ Configuration ⇒ WEBIATORS ⇒ Login As Customer.

General Configuration:

Enable Module: choose 'Yes' to enable the module.

The screenshot displays the Magento Admin Panel configuration interface. On the left, a sidebar menu shows the 'WEBIATORS' section expanded, with 'Login As Customer' highlighted. The main content area shows the 'General Configuration' for this module. A red box highlights the 'Enable Module' dropdown menu, which is currently set to 'Yes'. A red arrow points to this dropdown with the text 'Enable Or Disable Module from here'.

WEBIATORS	General Configuration
Login As Customer	Enable Module [store view] Yes
GENERAL	
CATALOG	
SECURITY	
CUSTOMERS	

=> Login as Customer Button will display on Customer Edit Page if module is enable.

The screenshot displays a customer management interface for a user named Veronica Costello. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Catalog, Customers (highlighted with a red box), Marketing, Content, Reports, Stores, and System. The main content area has a header with the customer's name and a search icon. Below the header is a toolbar with buttons: Back, Delete Customer, Reset, Create Order, Reset Password, Login as Customer (highlighted with a red box), Force Sign-In, and Save and Continue Edit. The main content is divided into two sections: 'CUSTOMER INFORMATION' and 'Personal Information'. Under 'CUSTOMER INFORMATION', there is a 'Customer View' section and a list of links: Account Information, Addresses, Orders, and Shopping cart. The 'Personal Information' section contains a table of details:

Personal Information		Default Billing Address
