

# Webiators Order On Whatsapp

**How to Install:** Download the "Ready to paste" package from your customer's area, unzip it and upload the all files in 'app/code/Webiators/OrderOnWhatsapp folder to your Magento install dir.

**Update the Database:** Move to Magento Root directory with CLI and execute below commands

- php bin/magento setup:upgrade
- php bin/magento setup:di:compile
- php bin/magento setup:static-content:deploy
- php bin/magento cache:flush

**How to Use:** Go to Admin Panel ⇒ Store ⇒ Settings ⇒ Configuration ⇒ WEBIATORS ⇒ Order On Whatsapp.

The screenshot shows the Magento Admin Panel Configuration page. The left sidebar contains navigation options: DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, and SYSTEM. The main content area is titled "Configuration" and shows the "WEBIATORS" section expanded to "Order On Whatsapp". The "General Settings" section is visible, with the following fields:

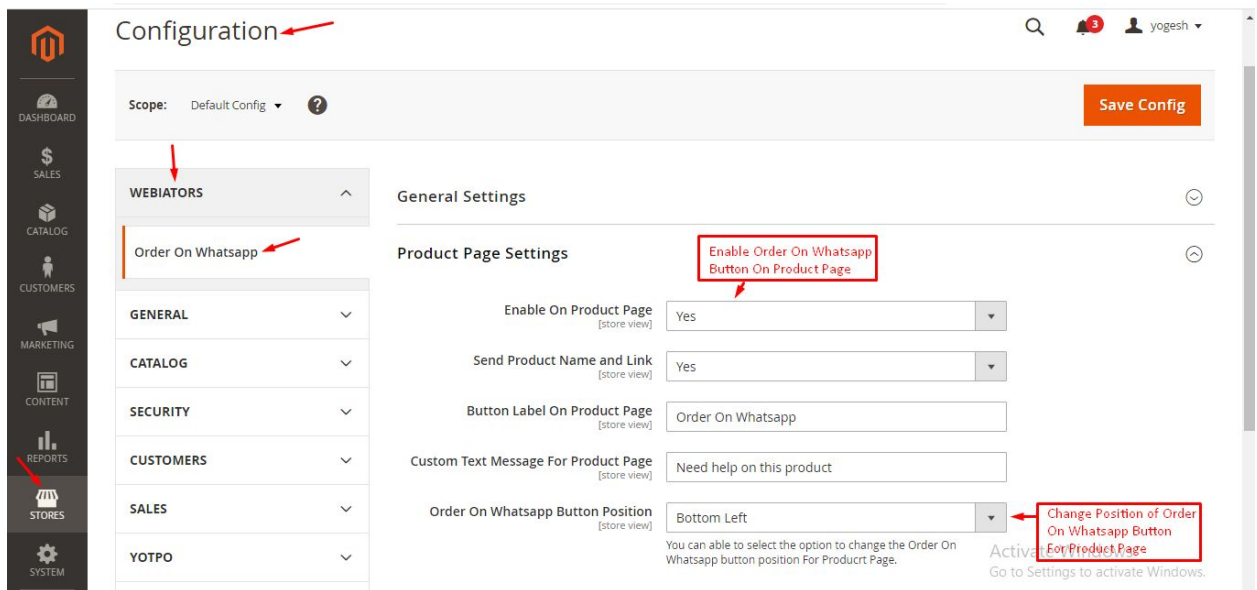

- Enable Module** (store view): A dropdown menu set to "Yes". A red box highlights this field with the text "Enable Order On Whatsapp Module From Here".
- Admin WhatsApp Number** (store view): A text input field. A red box highlights this field with the text "Add Whatsapp No". Below the field, it says "Full phone number in international format. Example: +6285xxx".

Other settings visible include "Product Page Settings", "Cart Page Settings", and "Enable Bitly URL". A "Save Config" button is located in the top right corner. A search bar and user profile (yogesh) are also visible in the top right.

## General Setting:

**Enable Module:** choose 'Yes' to enable the module.

**Admin Whatsapp Number:** Admin will add active “Whatsapp Number” on which Communication will be done via customer.

## Product Page Setting:

**Enable On Product Page:** Admin will select 'Yes/No' to ‘Show/Hide’ button on Product Page.

**Send Product Name and Link:** Admin will select 'Yes/No' to receive ‘Product Name and Link’ when a customer clicks on ‘Order On Whatsapp’ Button on the product page.

The screenshot shows the 'Configuration' interface with a sidebar on the left containing various menu items like Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, and System. The main area is titled 'Configuration' and has a 'Save Config' button in the top right. Under the 'WEBIATORS' section, 'Order On Whatsapp' is selected. The 'Cart Page Settings' section is expanded, showing several configuration options: 'Enable On Cart Page' (set to 'Yes'), 'Send Product Name and Link' (set to 'Yes'), 'Button Label On Cart Page' (set to 'Whatsapp Order Inquiry'), 'Custom Text Message For Cart Page' (set to 'Need help on this order'), and 'Order On Whatsapp Button Position' (set to 'Top Right'). Red boxes and arrows highlight the 'Enable On Cart Page' dropdown and the 'Order On Whatsapp Button Position' dropdown. A note at the bottom of the settings section states: 'You can able to select the option to change the Order On Whatsapp button position For Cart Page.' At the bottom right, there is a link to 'Activate Windows' with the text 'Go to Settings to activate Windows.'

## Cart Page Setting:

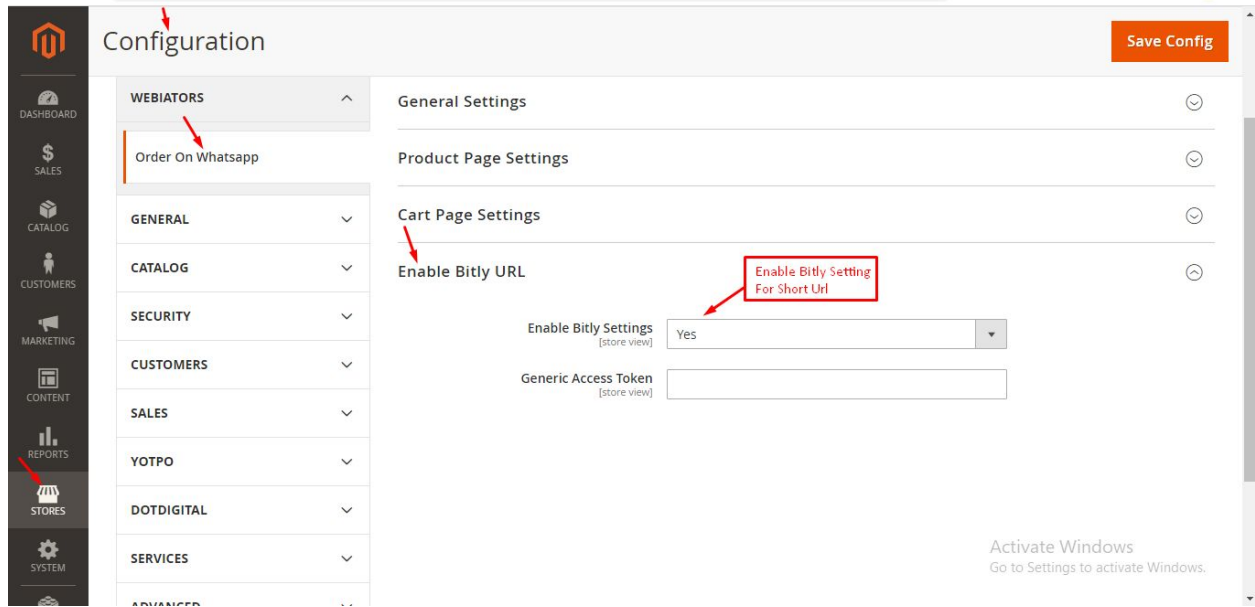

**Enable On Cart Page:** Admin will select 'Yes/No' to 'Show/Hide' button on Cart Page.

**Send Product Name and Link:** Admin will select 'Yes/No' to receive 'Product Name and Link' when a customer clicks on 'Order On Whatsapp' Button on the cart page.

**Button Label On Cart Page:** Admin will add 'Button Label' that will show on the cart page button.

**Custom Text Message For Cart Page:** Admin will be able to add a custom message for the cart page.

**Order On Whatsapp Button Position For Cart Page:** Admin will be able to change the position of Order on Whatsapp Button on cart page.

## Bitly URL Setting:

**Enable bitly URL:** choose 'Yes' to enable the module.
