

Webiators TopScrollBar

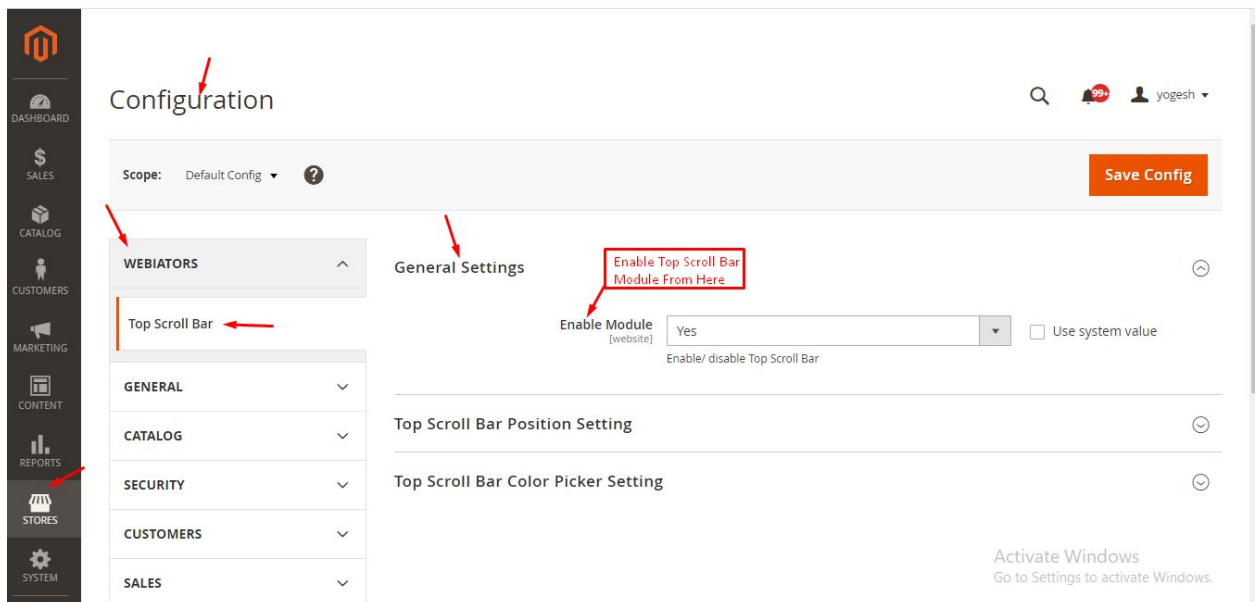

How to Install: Download the "Ready to paste" package from your customer's area, unzip it and upload the all files in 'app/code/Webiators/TopScrollBar folder to your Magento install dir.

Update the Database: Move to Magento Root directory with CLI and execute below commands

- php bin/magento setup:upgrade
- php bin/magento setup:di:compile
- php bin/magento setup:static-content:deploy
- php bin/magento cache:flush

How to Use: Go to Store >> Configuration >> Webiators >> Top Scroll Bar

Enable module from General Setting and update configurations as per your needs

Select Top Scroll Bar Position, colors and add font awesome 4 icon class as per your choice

The screenshot displays the configuration interface for the 'Top Scroll Bar' in the Webiators system. The interface includes a sidebar with navigation options like Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, and System. The main content area is titled 'General Settings' and contains three sections:

- Enable Module:** A dropdown menu is set to 'Yes', with a checkbox for 'Use system value'.
- Top Scroll Bar Position Setting:** A dropdown menu is set to 'Right'. A red box highlights the text 'Select Position of Top Scroll Bar From Here' above the dropdown.
- Top Scroll Bar Color Picker Setting:** A color picker is set to the hex code 'FF901D'. A red box highlights the text 'Select Background Color of Top Scroll Bar From Here' above the color picker.

Red arrows point to the 'Top Scroll Bar' menu item in the sidebar, the 'Top Scroll Bar Position Setting' dropdown, and the 'Top Scroll Bar Color Picker Setting' color picker. A 'Save Config' button is located in the top right corner.
